LIBERTY INTERACTIVE CORPORATION REPORTS SECOND QUARTER 2017 FINANCIAL RESULTS

Englewood, Colorado, August 8, 2017 - Liberty Interactive Corporation ("Liberty Interactive") (Nasdaq: QVCA, QVCB, LVNTA, LVNTB) today reported second quarter 2017 results. Highlights include⁽¹⁾:

Attributed to QVC Group

- · QVC consolidated revenue down 4% to \$2.0 billion and down 3% in constant currency
- QVC US revenue down 4%, inclusive of an estimated 1% negative impact from system outage in second quarter that resulted in shipment backlog into third quarter
 - Operating income down 5% and adjusted OIBDA⁽²⁾ down 1%
 - Adjusted OIBDA margin⁽²⁾ expanded 100 basis points
- QVC International grew constant currency⁽³⁾ revenue 2%, operating income 21% and adjusted OIBDA 14%
 - Adjusted OIBDA margin expansion in all consolidated markets
- · QVC consolidated mobile penetration was 63% of QVC.com orders, a 520 basis point increase
 - · QVC US mobile penetration was 62% of QVC.com orders, a 490 basis point increase
- · Liberty Interactive announced agreement to acquire remaining 62% stake of HSN, Inc. ("HSNi") not already owned in all-stock transaction

Attributed to Liberty Ventures Group

- · Advanced progress on planned acquisition of General Communication, Inc. ("GCI") and subsequent split-off of combined company, GCI Liberty; received early termination of HSR waiting period
- · Purchased 450,000 additional shares of LendingTree for \$77 million and increased undiluted ownership to 27%

"QVC had a solid Q2, with revenue performance similar to Q1 and improved adjusted OIBDA margins. We were thrilled to announce the acquisition of HSNi, which will enhance QVC's position as the leading global video eCommerce retailer," said Greg Maffei, Liberty Interactive President and CEO. "We also continue to make good progress on the acquisition of GCI and anticipate closing both transactions in the fourth quarter of 2017. As previously discussed, this will create two asset-backed stocks: QVC Group and GCI Liberty."

Unless otherwise noted, the following discussion compares financial information for the three months ended June 30, 2017 to the same period in 2016.

QVC GROUP – Approximately \$10 million of corporate level selling, general and administrative expense ("SG&A") (including stock-based compensation expense) was allocated to the QVC Group in the second quarter of 2017.

On July 6, 2017, Liberty Interactive entered into an agreement to acquire the 62% of HSNi it does not already own in an all-stock transaction. Liberty Interactive currently owns approximately 38% of HSNi and, upon acquisition of the remaining stake, HSNi will become a wholly-owned subsidiary attributed to the QVC Group. HSNi stockholders will receive fixed consideration of 1.65 shares of Series A QVC Group common stock ("QVCA") for every share of HSNi common stock held. Based on the QVCA closing price as of July 5, 2017 and the number of HSNi undiluted shares outstanding as of May 1, 2017, this equates to a total enterprise value for HSNi of \$2.6 billion, an equity value of \$2.1 billion and consideration of \$40.36 per HSNi share.

The acquisition of HSNi is expected to be completed during the fourth quarter of 2017 and is subject to certain customary conditions, including, among other things, receipt of regulatory approval and approval by a majority of the outstanding voting power of HSNi stockholders. A voting agreement has been obtained from Liberty Interactive to vote its HSNi shares in-favor of the transaction. Approval of the Liberty Interactive stockholders is not required, and is not being sought, for the HSNi acquisition.

OVC

"We were pleased to generate strong margin expansion in the second quarter due to our focus on cost controls and avoidance of excessive promotional activity," said QVC President and CEO, Mike George. "We are executing on a number of strategies that we expect to restore healthy growth, with a particular focus on greater diversity and newness in our assortments. We were delighted with the strong performance of our International segment, which was led by QVC Japan. We look forward to welcoming the HSNi team to the QVC family with the completion of the acquisition in the fourth quarter, which we believe will be accretive to all of our stakeholders."

The following table provides QVC's consolidated financial and operating results for the second quarter of 2017. US Dollar denominated results were unfavorably impacted by exchange rate fluctuations in the second quarter. The Dollar strengthened versus the British Pound, Euro and Japanese Yen 11%, 3% and 3%, respectively. The following table also provides a comparison of the year-over-year percentage change in QVC's results in constant currency⁽³⁾ (where applicable) to the comparable figures calculated in accordance with US GAAP for the three months ended June 30, 2017.

QVC US experienced year-over-year revenue declines in all categories except home. Operating income margin and adjusted OIBDA margin performance primarily reflect lower bad debt, higher product margins and higher credit card income, partially offset by higher bonus expense, warehouse costs and depreciation.

The following table provides QVC International's financial and operating results for the second quarter of 2017, including the year over year percentage change in QVC's results in constant currency⁽³⁾ (where applicable) to the comparable figures calculated in accordance with US GAAP due to the net impact of unfavorable exchange rate fluctuations.

In the second quarter of 2017, QVC International experienced constant currency growth in beauty, accessories and apparel, which were partially offset by declines in home, jewelry and electronics. Increases in operating income margin and adjusted OIBDA margin in constant currency primarily reflect higher product margins and lower fixed and freight costs, as well as customer service efficiencies.

CNR Home Shopping Co., Ltd. ("CNRS"), QVC's joint venture in China, is being accounted for as an equity method investment, and as a result, QVC reported a \$1 million reduction in net income for the quarter.

zulily

"We remain focused on delivering great products at great values every day. As expected, we faced tough comps and margin pressure in Q2 due to investments in our fulfillment capabilities, technology and our third-party fulfillment services," said zulily President and CEO, Darrell Cavens. "We continue to believe in the strength of our model and the opportunities ahead."

The following table provides zulily's stand-alone financial and operating results for the second quarter of 2017. Revenue was flat in the second quarter, primarily attributed to the active customer base remaining relatively flat year-over-year. Average order value and the number of orders placed per active customer both increased modestly, partially offset by a 1.2% decrease in total orders placed. An active customer is defined as an individual who has purchased at least once in the last twelve months, measured from the last date of a period. Operating income margin improved, driven primarily by decelerating amortization of intangible assets related to purchase accounting. Adjusted OIBDA margin decreased primarily due to international shipping costs, product mix shift, expansion of zulily's third party fulfillment services and free shipping options.

Share Repurchases

There were no repurchases of QVC Group common stock (Nasdaq: QVCA) from May 1, 2017 through July 31, 2017. Repurchases during the period were impacted by the pending HSNi transaction. Since the creation of the QVC Group stock (including its predecessor, Liberty Interactive Group) in May 2006, Liberty Interactive has repurchased shares for aggregate cash consideration of \$7.1 billion, representing approximately 46% of the shares outstanding at the time of the creation of the QVC Group stock. All repurchases up to August 9, 2012, the date on which the QVC Group stock was recapitalized to create the Liberty Ventures common stock, were comprised of shares of the combined stocks. The remaining repurchase authorization for Liberty Interactive as of August 1, 2017 is approximately \$948 million, of which \$298 million can be applied to repurchases of either QVC Group or Liberty Ventures common stock and \$650 million can only be applied to Liberty Ventures common stock.

QVC Group has attributed to it Liberty Interactive's subsidiaries, QVC, Inc. and zulily, Ilc, and Liberty Interactive's interest in HSN.

LIBERTY VENTURES GROUP – Approximately \$11 million of corporate level SG&A expense (including stock-based compensation expense) was allocated to Liberty Ventures Group in the second quarter of 2017.

On April 4, 2017, Liberty Interactive entered into an agreement and plan of reorganization with GCI, the largest communications provider in Alaska, whereby Liberty Interactive will acquire GCI through a reorganization in which certain Liberty Ventures Group assets and liabilities will be contributed to GCI in exchange for a controlling interest in GCI, followed by a subsequent split-off of the combined company, GCI Liberty. Additional information is available in the registration statement on Form S-4 that GCI filed with the SEC on August 1, 2017.

The transactions between Liberty Interactive and GCI are expected to be completed during the fourth quarter of 2017, subject to customary closing conditions including, among other things, receipt of regulatory approval and the requisite

shareholder approvals. In June 2017, the Federal Trade Commission granted early termination of the applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act.

Simultaneous with the closing of the transactions with Liberty Interactive and GCI, the QVC Group, including wholly-owned subsidiaries QVC, Inc., zulily and HSNi (or, if the HSNi acquisition has not yet closed, following such closing), will become an asset-backed stock and Liberty Interactive will be renamed QVC Group, Inc. Neither the proposed transactions involving GCI nor the acquisition of HSNi is conditioned on the completion of the other, and no assurance can be given as to which of these transactions will be completed first.

Share Repurchases

There were no repurchases of Liberty Ventures common stock (Nasdaq: LVNTA) from May 1, 2017 through July 31, 2017. The remaining repurchase authorization for Liberty Interactive as of August 1, 2017 is approximately \$948 million, of which \$298 million can be applied to repurchases of either QVC Group or Liberty Ventures common stock and \$650 million can only be applied to Liberty Ventures common stock.

The businesses and assets attributed to the Liberty Ventures Group are all of Liberty Interactive's businesses and assets other than those attributed to the QVC Group, including its interests in Liberty Broadband Corporation and FTD, Liberty Interactive's subsidiary Evite, and minority interests in ILG, LendingTree and Charter Communications.

FOOTNOTES

- Liberty Interactive's President and CEO, Greg Maffei, will discuss these highlights and other matters on Liberty Interactive's earnings conference call which will begin at 2:30 p.m. (E.D.T.) on August 8, 2017. Total cash and liquid investments attributed to the QVC Group increased \$41 million in the second quarter. Net debt repayments and capital expenditures were more than offset by cash provided from operations. Total debt attributed to the QVC Group decreased by \$88 million primarily due to repayments on QVC's credit facility.

Total cash and liquid investments attributed to the Liberty Ventures Group increased \$43 million, primarily due to inter-group tax payments received, partially offset by payments to purchase additional shares of LendingTree. Total debt attributed to Liberty Ventures Group was flat in the second quarter.

Important Notice: Liberty Interactive (Nasdaq: QVCA, QVCB, LVNTA, LVNTB) President and CEO, Greg Maffei, will discuss Liberty Interactive's earnings release on a conference call which will begin at 2:30 p.m. (E.D.T.) on August 8, 2017. The call can be accessed by dialing (844) 307-2219 or (678) 509-7635 at least 10 minutes prior to the start time. The call will also be broadcast live across the Internet and archived on our website. acceptable to Liberty Interactive, changes in law and government regulations that may impact the derivative instruments that hedge certain of our financial risks, the availability of investment opportunities, the satisfaction of conditions to the proposed transactions and market conditions conducive to stock repurchases. These forward-looking statements speak only as of the date of this press release, and Liberty Interactive expressly disclaims any obligation or undertaking to disseminate any updates or revisions to any forward-looking statement contained herein to reflect any change in Liberty Interactive's expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based. Please refer to the publicly filed documents of Liberty Interactive, including the most recent Forms 10-K and 10-Q, for additional information about Liberty Interactive and about the risks and uncertainties related to Liberty Interactive's business which may affect the statements made in this press release.

NON-GAAP FINANCIAL MEASURES

This press release includes a presentation of adjusted OIBDA, which is a non-GAAP financial measure, for Liberty Interactive, the QVC Group, QVC (and certain of its subsidiaries), zulily and the Liberty Ventures Group together with a reconciliation to that entity or such businesses' operating income, as determined under GAAP. Liberty Interactive defines adjusted OIBDA as revenue less cost of sales, operating expenses, and selling, general and administrative expenses, excluding all stock based compensation, and excludes from that definition depreciation and amortization and restructuring and impairment charges that are included in the measurement of operating income pursuant to GAAP. Further, this press release includes adjusted OIBDA margin which is also a non-GAAP financial measure. Liberty Interactive defines adjusted OIBDA margin as adjusted OIBDA divided by revenue.

Liberty Interactive believes adjusted OIBDA is an important indicator of the operational strength and performance of its businesses, including each business' ability to service debt and fund capital expenditures. In addition, this measure allows management to view operating results and perform analytical comparisons and benchmarking between businesses and identify strategies to improve performance. Because adjusted OIBDA is used as a measure of operating performance, Liberty Interactive views operating income as the most directly comparable GAAP measure. Adjusted OIBDA is not meant to replace or supersede operating income or any other GAAP measure, but rather to supplement such GAAP measures in order to present investors with the same information that Liberty Interactive's management considers in assessing the results of operations and performance of its assets. Please see the attached schedules for applicable reconciliations.

In addition, this press release includes references to adjusted net income, which is a non-GAAP financial measure, for QVC Group. Liberty Interactive defines adjusted net income as net income, excluding the impact of purchase accounting amortization (net of deferred tax benefit).

Liberty Interactive believes adjusted net income is an important indicator of financial performance, in particular for QVC Group, due to the impact of purchase accounting amortization. Because adjusted net income is used as a measure of overall financial performance, Liberty Interactive views net income as the most directly comparable GAAP measure. Adjusted net income is not meant to replace or supersede net income or any other GAAP measure, but rather to supplement such GAAP measures in order to present investors with a supplemental metric of financial performance. Please see the attached schedules for a reconciliation of adjusted net income to net income (loss) calculated in accordance with GAAP for QVC Group (Schedule 4).

This press release also references certain financial metrics on a constant currency basis, which is a non-GAAP measure, for QVC Group. Constant currency financial metrics, as presented herein, are calculated by translating the current-year and prior-year reported amounts into comparable amounts using a single foreign exchange rate for each currency.

Liberty Interactive believes constant currency financial metrics are an important indicator of financial performance, in particular for QVC Group, due to the translational impact of foreign currency fluctuations relating to its subsidiaries in the UK, Germany, Italy, Japan and France, as well as its JV in China. We use constant currency financial metrics to provide a framework to assess how our businesses performed excluding the effects of foreign currency exchange fluctuations. Please see the financial tables at the beginning of this press release for a reconciliation of the impact of foreign currency fluctuations on revenue, operating income, adjusted OIBDA and average selling price.

SCHEDULE 1

The following table provides a reconciliation of QVC Group's adjusted OIBDA to its operating income calculated in accordance with GAAP for the three months ended June 30, 2016, September 30, 2016, December 31, 2016, March 31, 2017 and June 30, 2017, respectively.
